Pet Green Products are made in the USA

A note from the animal lovers who started this unique farm

At Pet Greens we cherish our pets – they're family, as well as the inspiration for both our company and our products. Beginning in 1996, we recognized that many pets spend most of their lives indoors, and we made it our mission to provide them with healthy, life-enriching ways to connect with nature and satisfy their craving for fresh, live greens. This innovative solution of bringing the outdoors in gives pets a full and happy life – so they can truly thrive inside!

Marty & Catherine
